NO. 13

Cruelty of Competition.

J. M. Eastling, one of Powell's boys at Camp Taylor, after having spent the usual ten days furlough with his family, and being presented with a new girl the day before his departure, wired those in command for an extension of time to remain at home with his wife and young daughter. Failing to get a reply, he returned to camp, only to be informed that he had been granted the extension of time requested and that this information had been dispatched over the Western Union lines. But the Western Union lines are slower than mail. If you want service to Clay City you must use the Postal. There have been instances where people of this town have had to go by automobile to Winchester to receive messages over this line, because the company would not use the first mail coming here.

This business should be stopped. It is a joker and a fooler. People sending dispatches at big prices in a hurry, when the mail is much faster. Moral—use only the Postal when wiring parties at Clay City and Stanton.

Powell County Plans the Best.

Judge D. R. Daniel, Squire S. G. Baker and Geo. W. Clark went to Frankfort last Wednesday and appeared before the Tax Commission and transacted business with the Department of Public Roads. They were complimented by both departments of the State Government. Their plans of operations were said to be new to both departments and the best conceived by any other county in the state in similar conditions to Powell. Their plans were indorsed in every particular and their work commended.

Ford Deliveries.

A. T. Whitt, the Ford agent, has delivered touring cars this Spring to the following persons in the county: B. F. Berry, West Bend; O. L. Daniel, Clay City; Ed Dennis, Stanton; F. C. Wills, Rosslyn; R. L. Eversole, Stanton.

This delivery makes twenty-nine cars in the county with the prospects of getting more of them just as fast as old man Ford can get them here. Give Whitt your order now for that car you want later.

Equinoctial Period.

Friday was equinoctial period, a time when there is more or less disturbance in the weather, but this time it was mild and it is felt that as this point of danger is past, and Easter is on us Sunday, we may expect after that date a more settled condition of the weather.

Soldier Called Home.

Gilbert Patton, one of Powell's boys at Camp Taylor, was home last week on a visit. He was called home on account of the death of his uncle, John Bowles. He was looking well and said he was satisfied with the splendid conditions at Camp Taylor.

New Company in This Field.

J. A. Lee, of the Republic Oil & Gas Co., is here looking for some business. His Company has taken a lease on R. W. Garrett's farm near the city and will drill a well on this farm in the next few weeks.

Home Wedding.

On Wednesday eve Mar. 20th, at the bride's home, in the presence of a large number of witnesses, was the scene of a pretty home wedding, when Mr. Ernest Baker was united in marriage to Miss Hoyett Mize by the Rev. L. T. Allison, of this city. The groom is the eldest son of Squire and Mrs. S. G. Baker and is a young man of sterling qualities. The bride is the second oldest daughter of Mr. and Mrs. Jno. W. Mize, and is a very charming young lady of rare traits.

The couple were served by Mr. Frank Wright and Miss Sylvia Welch who performed their task like old experienced hands.

By this union it connects two of the most prominent families in the Vaughn's Mill section, and we hope a most prosperous and useful life may be theirs.

Miss Johnson Entertains.

Miss Lula Johnson entertained a number of young people at home Sunday afternoon from 2:30 till 6 o'clock. The afternoon was enjoyed by playing many amusing games and refreshments were served by the boys. The guests were: Miss Hallie Rogers, Miss Josephine Hazlerigg, Miss Fannie Mae Shimmessel, Miss Helen Vollmer; Mr. P. K. Miller, Mr. Clifford Oliver, Mr. Lyle Hazlerigg, Mr. Lynox, of Paris, and Mr. Austin Johnson. The young people were also entertained by Mr. Clifford Oliver's playing and singing.

Fiscal Court to meet.

The regular April term of the Powell Fiscal Court will meet at Stanton next Tuesday. Important matters of business will come before the Court at this session. It is also the regular meeting for the allowance of claims. The Court so far has been passing up the allowance of claims because there was no money in the general fund to meet them. This is very commendable of the court. The law prohibits the allowing of claims for more than the revenue of the county, and the fact that this court starts out to keep within the limits of the law should be very gratifying to the people of the county.

Dies of Dropsy.

Johnney Bowles aged 70 died Friday at 7 o'clock of dropsy. Buried at Eaton grave-yard Saturday. Services at residence by Eld. Vilander Lamberson. Deceased is survived by wife and five children, Jas. Bowles, of this city, and Mrs. Lizzy Neal, of Levee, are two of the five. The whereabouts of the other three children are unknown, except that Jesse Bowles is a Captain somewhere in the U. S. army.

New Residents.

Mr. and Mrs. W. S. Collier, of Newport, Ky., are in the city looking for some property to rent and live in while Mr. Collier is drilling some test wells on his leases on Hardwick's Creek. The Times extends a most hearty welcome to Mr. and Mrs. Collier and all other people of their kind to locate with us.

Read our classified advertisements on last page.

As to the Price of Meat.

Swift & Co. are running advertising matter to present their side of the meat situation to the people of Powell county. Because the Times is running this advertising it must not be taken that we believe the price charged for meat to the customer is fair for we know it is not. The packers may not be getting too much profit, in fact their statements prove they are not, but one thing is certain somebody is getting too much profit. Everybody can see that. When hogs are sold off the farm they bring 15 cents; when meat is sold over the counter it brings 40 cents. Fifteen cents for hogs and 25 cents for serving him is out of proportion. The middle man is now getting twice as much in the deal as both the first man and middleman were getting a very few years ago, so we know there is robbery some where and it is up to the Government to find out where the steal is going.

Mrs. Barnett Dies Suddenly.

Mrs. Berry Barnett dropped dead at her home near Spout Spring Monday of heart trouble from which disease she had been a sufferer for some time. She had frequently of late told members of the family that she would not live long, and said recently that her grave would be ready for decoration this May. The remains were laid to rest in the Salem grave-yard Tuesday. Funeral services were conducted at the grave by the Rev. W. C. Vancleve. Besides her husband, Mrs. Barnett is survived by eight children living, four boys and four girls. She was before marriage Miss Allie Barnes. She was one of the Christian mothers of the community and her place in religious circles will be sadly missed.

May Borrow Books from State.

Do you know that a group of 50 books may be borrowed from the Kentucky Library Commission for your community, your club, or your school? The collection may be retained for six months and the only cost to you is transportation.

If you want material on a special subject, a book or small group of books may be borrowed for thirty days. The only expense to you will be parcel post charges.

Write to the Kentucky Library Commission, Frankfort for full information.

To Conserve Daylight.

On Monday morning every clock in this country is called upon to be turned up one hour ahead of time. This is designed to get persons accustomed to sleeping late every morning up an hour earlier and to bed also an hour earlier to effect a saving of day light.

This will not affect the habit, of us country jacks who are accustomed to getting up at four o'clock and working all the hours of daylight anyway.

Oil Lease Deal Pending.

S. H. Joseph, of the Wells Oil & Gas Co., of Newport, Ky., was here Tuesday and went up on Hardwick's Creek to look at some oil leases in view of doing some developing there this Spring. Mr. Joseph was not yet sure that his company would drill any, but said they were on a deal for a bunch of leases with this in view.

STANTON.

(By P. O. Derthick.)

J. S. Ewen was at Avon on business Wednesday.

E. H. Fuller was here on business this past week.

J. D. Atkinson was in Frankfort Wednesday on legal business.

Dr. Barnett was called to Clark county Wednesday to see patients.

Dr. Johnson was called to Nada last Saturday to see a sick patient.

Burnam Skidmore, of Rosslyn, was here mingling among his many friends the past week.

Mrs. Frank Harmon was in Lexington last Wednesday on business and shopping.

Mrs. Edna Ware and baby left for home last Friday after visiting several days with home folks.

H. H. Harrison is spending all this week at his home in Berea and a conference of County Agents at London, Ky.

June Rogers is in the market for plowing your garden. He does a good job and it will do you well to see him.

A. B. Hamilton, of Pennsylvania, was here this past week looking after the drawing up plans for the new dormitory.

Mrs. Anna Sewell and baby, of Jackson, came down Tuesday to visit with home folks for several days. Ben will come down for over Sunday.

Rev. J. K. Giffen has bought the fine mare of H. H. Harrison and expects to help raise a big crop of food stuff for his hungry bunch of students this coming school year.

Virgil Frazier sent word by a passing soldier last week to tell the people of Stanton that he was well and having a fine time and giving a good account of himself. Glad to know this.

One of W. I. Arnett's girls, of Torrent, who has been attending school at Jackson has come to Stanton and entered school. Another daughter will come as soon as room can be found for her.

Uncle Ben Hall is quite sick at this writing. He is over 80 years of age and says now that he wants to cross the river and that he is ready to go at any time. Wish all of us could say that, but we can't.

Mrs. J. C. Moore, of Covington, arrived last Thursday to visit her father, Toby Anderson. When she got here she found her father in bed, where he had laid from Tuesday till Thursday without food or attention, no one knowing that he had fallen off form J. W. William's barn and hurt his back severely. He was able to crawl home during the night and get in bed where he was found first by Tom Boone. He is able to be out again at this writing.

Mrs. R. L. Harter has accepted the position as County Food Administrator and was calling on the good house wives of Stanton last week. We trust that everybody in the county will give her a courteous entry into their homes and assist her in every way you can. She has a hard position, giving of her time freely and you can make it easy or hard for her as you wish. Mrs. Harter is a very fine woman and she is intensely interested in helping our boys out on the battlefields and those who will go there.

The wedding secret can be revealed now. Two of Powell county's very finest young people came to the home of the writer and there took the vows to walk down hand and hand through life. They were Dudley Casdill, our County Superintendent of Schools, and Miss Janie Fulks, one of the prettiest,

(Continued on Last Page)

Local Brevities.

Floyd Wills, of Rosslyn, was here Friday.

J. A. Roberts, of West End, was here Monday.

B. A. Bonieville, of Newport, was here the first of the week.

Born, March 14th to Mr. and Mrs. Otis Mackey, of Fleming, a son.

Herbert Curry, of Nicholas county, is visiting his parents, Mr. and Mrs. H. D. Curry.

Miss Kate Daniel returned last week from a protracted visit to relatives at Winchester.

Mrs. D. B. Bradley, of Williamsburg, Ky., visited her sister Mrs. Mary Pettit the past week.

Thos. Edge and O. F. Rogers were here Monday from the upper portion of the county.

Mrs. Lydia Hagan and daughter, Rilla, of Winchester, visited Mrs. Jennie Russell a few days last week.

All of Powell's last quota of draft boys have been transferred to some Southern camp, except Ray White and Bert Charles.

E. C. Vollmer, our very efficient depot agent, has been confined to his home several days this week from rheumatism.

Leon, the little 20 months old son of Mr. and Mrs. Edgar Patton, is recovering from a serious attack of stomach trouble.

H. M. Curtis and John Kirk have returned from Torrent where they have been doing some repair work on the Torrent hotel.

Mrs. Robert Blackburn, of Louisville, whose illness was noted in these columns two weeks ago, is much improved at this time.

Shelt McKinney sold a pair of mules to Leonard Patrick for \$625; and bought a pair of norman mares in Winchester Monday for \$500.

Robt. Henry, of near Winchester, was here yesterday and went on Hardwick's Creek and bought fifteen bushels of choice seed corn.

Chas. B. Summers left Monday morning for Clay City, Ky., to take charge of his house-painting crew for the summer campaign.—Flemingsburg Democrat.

Thos. Townsend, of Ft. Snelling, Minn., is in the county on business and to visit home folks. Mr. Townsend is a member of the National army, having enlisted five years ago.

Messrs. W. E. and Herbert Helin, of Winchester, were here Tuesday to buy a car load of lumber. The former has recently purchased a new farm upon which he will build a new barn.

Farmers are taking advantage of the beautiful though cool weather and are advancing their farm work. With the opportunity they have had they are now pressing the season.

F. G. Conlee will move to Pilot and conduct a boarding house. We regret to lose Mr. and Mrs. Conlee, but as they are experts in feeding people, it is no wonder there is so much demand for their services.

THE TIMES.

J. E. Burgher, : : Publisher.

Entered as second-class mail matter at the Post Office at Clay City, Ky., under the Act of Congress of March 3, 1879.

A HOME-MADE PAPER

THURSDAY, MARCH 28, 1918.

SUBSCRIPTION RATE,
ONE DOLLAR PER YEAR.

The war has brought unexpected prosperity to the liquor trade in Great Britain, and this in spite of sincere efforts by the Government to curb the traffic. A writer in the Times asserts that during the war the alcoholic strength of whisky has been reduced 50 per cent; that the excise task, which is based on alcoholic strength, has thus been correspondingly reduced, and that

the price has been doubled. It is calculated that the extra profit thus secured to the whisky trade is 100 per cent.

The brewer of beer is as fortunate as the distiller of whisky. The price of beer has been doubled, and it is declared that the quality has declined. The result is evident in quotations of leading English brewery stocks on the stock exchange, which show advances ranging up to 900 per cent.

One offset of this advance of stock prices has been the practical closing of the door to the much mooted proposals for Government purchase of the liquor trade. Today the purchase price involved would be five times greater than before.

The above news item appeared in the daily papers as a dispatch from London. The Germans have closed their breweries and turned the operating forces into fighting units either directly or indirectly. The British and Germans are engaged in a desperate battle with the Germans as victors. Who will dare say

if England had twelve months ago converted her distillery, saloon, and brewery forces into fighting units the British would have won. Every body knows they would. And if this war is lost, it looks to us as if it will be with drink tied about our necks as a mill stone.

From a Powell Student.

Kentucky State Normal School, Richmond.

Mr. J. E. Burgher, Editor Times, Clay City, Ky.

Dear Editor:

A representative from each county is requested to write back to the home paper and tell the people there what this place is like. I shall endeavor to make this task a true report and at the same time an attraction to all who are interested in the work of the teacher.

There are 12 buildings on the campus. Two dormitories, Memorial Hall for men. Sullivan Hall for women, also 3 cottages for women, a power plant and manual training building, home economics cottage, a library and music room, a gymnasium, old University Hall in which are located the chapel and Latin, English, History, Civics and mathematics departments. Roark Hall in which are the physics, chemistry, biology, agriculture, method school management, model graded, model rural, practice, expression and drawing, also the administrative departments and a new building which will be occupied by the library, the model graded and practice schools.

The school offers three kinds of certificates, elementary, good for 2 years anywhere in the state without examination, intermediate, good for four years, and advanced, good for three years. The advanced becomes a life certificate after three successive years of successful teaching.

In the way of social affairs prom-nading comes first because it is a daily evening after supper stroll. On Saturday evening callers call if there are any. If there aren't, everybody goes to the gymnasium where the teachers of physical culture teaches the Rhythmic games such as Jolly Miller, Virginia Reel, one step, and waltz. Once each term the faculty gives a reception to the students.

There are several organizations of interest. The basket ball team plays occasionally with the teams of Caldwell High School here, Winchester, Mayaville and Western Normal, after a victory over which there is usually a midnight parade. We have about eight literary societies work in which is compulsory. Friendly rivalries between the societies just now manifesting themselves in chapel suffragette, patriotic and other kinds of programs, buying of illiteracy buttons and basket ball games. The Y. M. and Y. W. C. A's have organizations, rooms and programs in the Halls. The dean of women teaches a Bible class on Sunday afternoons. A story club entertained last night with stories and special music. Sometimes readings and music are given by the expression and music teachers. Just now we are having a series of lectures in chapel on the Negro Problem. A Lyceum course is being given. This term we have had John Kendrick Bangs, Associate Editor of Harper's Weekly, who lectured on "Celebrities I Have Known", and four Hawaiian musicians and the American wife of one of them. About the biggest lecture and the one of most vital interest that has been given here was the one given by the Frenchman, Lieut. Perigord, who told us of his three years in the trenches. On March 25th. Private Post will be here.

Very truly yours,
GLADYS WELCH.

Last Week Locals.

Mr. G. W. Stephens returned home Saturday, near this city, from Lee county, where he had been employed on an oil lease for the past two months. He will take up farming for the coming season.

Johnny Sewell was down from Torrent Saturday night to see his parents Mr. and Mrs. J. A. Sewell. He returned to his position as operator Sunday A. M.

C. C. Daniel bought this week forty-five head of hogs from various persons at 15 cents per pound. He also bought a nice three year-old mule for \$125.

To The American People

There is no foundation for the alleged violations of law attributed to our Company by agents of the Federal Trade Commission and I want to say emphatically that Swift & Company is not a party to any conspiracy to defraud the Government. Nor has Swift & Company been guilty of improperly storing foods or of making false entries or reports.

Conferences of packers, where prices have been discussed, have been held at the urgent request and in the presence of representatives of either the Food Administration or the Council of National Defense. And yet the packers have been accused of committing a felony by acting in collusion on Government bids!

We have done our best, with other packers, large and small, to comply with the directions of the United States Food Administration in all particulars, including the furnishing of food supplies for the U. S. Army and Navy and the Allies, now being handled through the Food Administration.

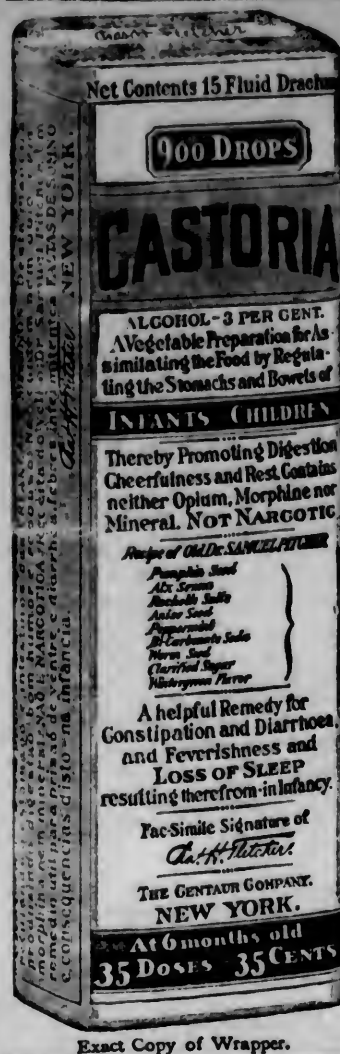

We will continue to do our utmost, under Government direction, to increase our production and assist the Food Administration. We consider that the opportunity to co-operate whole-heartedly and to our fullest powers with this branch of the Government is our plain and most pressing duty.

The Trade Commission Attorney has, by false inference and misplaced emphasis, given to disconnected portions of the correspondence taken from our private files and read into the Record, a false and sinister meaning with the plain purpose of creating antagonistic public opinion.

The services of the packers of the United States are most urgently needed, and I regret exceedingly that we should at this time have to spend our efforts in defending ourselves against unfounded, unproved, and unfair assertions such as are being daily made public.

L. F. Swift, President

STANTON COLLEGE.

Important and Progressive Additions
and Changes Planned for the
Coming Year.

An Open Letter to the Public From
the President.

Stanton, Ky. March 19, 1918.
To the people of Powell County and
surrounding communities:

We have returned recently from the
regular monthly meeting of the Board
having Stanton College in control, at
which meeting plans were laid for the
equipment and work of this institution
for the coming year. These plans in-
clude added material equipment and
some important changes in curriculum
etc., in which people of this commun-

ity who have a concern for education
will be interested.

DORMITORY.

First of all and most important in
its far reaching results are the plans
for a new girl's dormitory. This build-
ing is very badly needed. At present
we have but one dormitory and that
has been entirely inadequate to meet
the demands. Many students have
been turned away from the school this
winter because we have not had a place
to keep them.

Work is to be begun on the new
dormitory as soon as possible. A con-
tractor will be here from Blairsville,
Pa., this week to look over plans and
specifications. It is our aim to have
this building completed by the open-
ing of school, Sept. 1, if possible. Ac-
cording to present plans the dormitory
will have about thirty rooms, sufficient
to accommodate sixty girls and teachers.
It will have bath rooms, hot and cold
running water, some kind of artificial
heat and light, and an up to date laun-
dry in the basement. The present
dormitory will be fitted up to make a
comfortable home for the boys.

COURSES.

It is the plan of the Board also to
raise the standards of the institution
looking to the establishment of what is
known as a Junior College. Hereto-
fore we have been doing simply the
work of a first grade High School. De-
veloping the institution into a Junior
College we can do two years of regular
college work, so that a student gradu-
ating from Stanton can complete his
college course in a four year college in
two years and receive a degree. The
standards of education in the state of
Kentucky are rising rapidly. In 1909
there were eight first grade high schools
in the state. Now there are 175. This
shows how fast the standard is rising
in the state. To keep pace with the
rising standards of education in the
state we are raising our standards to
meet the requirements. At least the
first year of regular college work will
be provided for next year.

Provision has also been made for a
regular course in Domestic Science.
This will be looked after by a person
trained to give instruction in that line.
The teacher of Domestic Science will
also have charge of the girls' dormitory.

There was some thought earlier in
the year of dropping the grades next
year up to the fifth. This, however,
will not be done. To accommodate
many of the patrons of the school in
the community who wish to continue
sending their children to the college
and to accommodate others in outlying
districts who have not the advantages
of education enjoyed by the people of
Stanton, it has been decided to give
instruction in all the grades next year.
It will be necessary, however, to charge
a nominal tuition to all students in all
the grades to meet the demands that will
be made upon the school.

To take care of the present work that
is planned, at least two new workers
will be on the field next year.

SPECIALS.

A printing press will also soon be in-
stalled in the college. With this out-
fit we can print our own letters and
cards, publish a small periodical, and
possibly do some job printing for the
community. One of the young men of
the school will be trained to take care
of the printing work. In addition the
school will be provided soon with a
horse and wagon and a new piano, all
of which are necessary for the continued
growth of the institution.

It is the purpose of our Board to
build up an institution here that will
be the pride of the community and one
that will meet the needs of the people
in providing opportunity for a splen-
did education right at home. The bud-
get for the school during the coming

For Weak Women

In use for over 40 years!
Thousands of voluntary
letters from women, tell-
ing of the good Cardui
has done them. This is
the best proof of the value
of Cardui. It proves that
Cardui is a good medicine
for women.

There are no harmful or
habit-forming drugs in
Cardui. It is composed
only of mild, medicinal
ingredients, with no bad
after-effects.

TAKE

CARDUI

The Woman's Tonic

You can rely on Cardui.
Surely it will do for you
what it has done for so
many thousands of other
women! It should help.

"I was taken sick,
seemed to be . . .,"
writes Mrs. Mary E. Veste,
of Madison Heights, Va.
"I got down so weak,
could hardly walk . . .
just staggered around.
. . . I read of Cardui,
and after taking one bot-
tle, or before taking quite
all, I felt much better. I
took 3 or 4 bottles at
that time, and was able to
do my work. I take it in
the spring when run-
down. I had no appetite,
and I commenced eating.
It is the best tonic I ever
saw." Try Cardui.

J. 70

1897—1917

For over 20 years this school has ranked with the best office training
schools in the country and our graduates may be found capably filling re-
sponsible and remunerative positions in Kentucky and other states.

Early in this year Clay's Business College was reorganized with new
officers, new teachers, new system and new ideas that put the school on
a higher plane for training young men and women for their life work
and at the same time upholding the reputation of an institution that
has been rendering aid to the commercial world and ambitious individ-
uals for nearly a quarter of a century.

The success and very existence of this school through these many
years is due to the thorough and conscientious training given our stu-
dents, each pupil receiving instruction necessary to his or her individ-
ual comprehension.

Our Graduates are Always in Demand.

SUBJECTS TAUGHT:

Book Keeping, Filing, Shorthand, Stenotypy, Penmanship, English,
Touch Typewriting, Spelling.

CLAY'S BUSINESS COLLEGE

INCORPORATED.

218 West Main St. LEXINGTON, KENTUCKY.

year will be at least fifteen hundred
dollars more than it has ever been be-
fore. The attitude of the Board to-
ward the institution and toward the
people of the community is exceedingly
friendly. With the co-operation of

the people of Powell and surrounding
counties we bid fair to have an edu-
cational institution as good as any in
this section of the state. This is our
aim. Very Truly,

J. KELLY GIFFEN.

Kidney Trouble May Cause Dropsical Swellings

**Foley Kidney Pills Highly
Recommended For
This Condition**

Dropsy, with all its signs and
symptoms, including weak heart,
general debility, swollen joints, an-
kles and limbs; headache, sleepless-
ness and nervousness, are all evi-
dence of a certain kind of kidney
trouble. Irregular bladder action,
too frequent passage of water, and
rising time after time at night, are
also proof that the kidneys are not
in a healthy state.

Foley Kidney Pills have handled
just such cases with absolute suc-
cess. They have cleared away the
dropsical condition, have restored
the kidneys to normal activity, and
brought the sufferer to a state of
sound health.

Mrs. Hattie Graham, Box 479, Bat-
tle Creek, Mich., has written fully in
regard to her case. We quote only
part of her letter which says: "I was
troubled with kidney and bladder
trouble that finally developed into
dropsy. I had a dull pain in my back,
first my ankles swelled up, and then
the whole lower part of my body be-
came bloated and swollen. I used

Foley Kidney Pills and the relief was
immediate, and after using them for
sometime, I feel permanently cured."

Foley Kidney Pills are sold every-
where in 50c and \$1.00 sizes. The
\$1.00 size is the more economical buy,
as it contains 3 1/2 times as many as
the 50c size.

Old Papers for Sale at The
Times Office.

Dave Snowden, of Winchester, was here from Saturday till Tuesday with his mother, Mrs. Martha Snowden.

Miss Virgie Sewell, our school teacher who adjourned the school here last December on account of the severe winter weather, returned Monday morning to renew her school, and will finish it. She has been with her parents, the Rev. and Mrs. Benj. Sewell at California, Ky.

We hear of good oil wells being drilled in here there and elsewhere. The land owners of Powell seem to have no antagonistic feeling towards the oil man and that is as it should be, they are giving their time money and patience to find for us what we are not able to find. We invite them to come from the four winds of the earth and take a stroll with us among the Glens and sunny slopes of Eastern Kentucky, to find the music and flowers where the lightning bug shows his phosphorescence and the whippoorwill screams on the pine knolls.

A letter was received from James Atkinson this week in which he tells of many interesting things in France. He has been in the trenches and faced the enemy but at the writing of this letter was on furlough to one of the famous watering places of Europe for a rest. He said the good women of America made this possible for the boys and the soldiers appreciated it so much. James also told of the marvelous work the Army Y. M. C. A. is doing and that the soldiers could not get along without them. He spoke of meeting Mrs. Teddy Roosevelt, Jr., and how she was trying to help the boys have a good time while there. Several times James spoke of the wonderful work of the Y. M. C. A. and so let us all help to carry on this great work. It seems that the boys appreciate this more than any other thing while they are on the battlefield. A picture of James came in the letter and he looks as natural as can be. He said he would have to return to the front soon and enter the trenches. We trust that he will come safely through to the close.
